Act I

Twitterrific

Restolio

Arrg! It's hard to get started in the morning

What are you doing?

Twitterrific

Modello

I think I have a good
use for the visitor
pattern

Restolio

Arrg! It's hard to get
started in the morning

What are you doing?

Twitterrific

Webucci

Woot! I feel refreshed.
Time to get to work!

Modello

I believe I have found a
good use for the visitor
pattern.

What are you doing?

Twitterrific

Modello

Normally I find that pattern to be over-complicated.

Webucci

Woot! I feel refreshed.
Time to get to work!

What are you doing?

Twitterrific

Restolio

Fortunately, there's a *\$
on the way to work.

Modello

Normally I find that
pattern to be over-

What are you doing?

Twitterrific

Modello

But I think I can justify it
in this instance.

Restolio

Fortunately, there's a *\$
on the way to work.

What are you doing?

Twitterrific

Restolio

@modello - I just don't get the visitor pattern

Modello

But I think I can justify it in this instance.

What are you doing?

Twitterrific

Restolio

I find it easier just to
issue the right query.

Restolio

@modello - I just don't get
the visitor pattern

What are you doing?

Twitterrific

Webucci

@restolio - New project today?

Restolio

I find it easier just to issue the right query.

What are you doing?

Twitterrific

Restolio

@webucci - Yep!

Webucci

@restolio - New project today?

What are you doing?

Twitterrific

Modello

@webucci - So I hear.
Wonder what it will be.

Restolio

@webucci - Yep!

What are you doing?

Twitterrific

Webucci

I'm looking forward to
doing some Rails ...

Modello

@webucci - So I hear.
Wonder what it will be.

What are you doing?

Twitterrific

Webucci

... instead of PHP

I'm looking forward to
doing some Rails ...

What are you doing?

Twitterrific

Restolio

Ahhh ... Finally, caffeine enabled. Let's see what we got here ...

Webucci

... instead of PHP

What are you doing?

Twitterrific

Restolio

Looks like a simple
Rails app
